General Instructions

****Please read all directions completely before beginning****

Welcome to Garden Medley. We are so excited you have decided to stitch with us. On this quilting journey we will be exploring simple appliqué leaves. Pieced blocks are adorned with easy pieced and appliqué fans, beautiful leaves and embroidered flourishes.

I've had the thrill of working with RJR fabrics and the *Hope Cove* fabric line, by Robyn Pandolph.

We have included the layout and cutting directions for the background, borders and entire quilt. Assemble the quilt when all of the appliqué is finished.

Both spray starch and needle turn appliqué are fabulous methods. The pattern will work great with any preferred method you choose. The design needs no reversing for fusible appliqué.

Cut your appliqué blocks a bit bigger, if you have a tendency to appliqué with a tighter tension. Trim to fit to size after your appliqué is completed. If you are a beginner, a beginner appliqué class or good "how-to" book will help get you started.

Be as accurate as you can when cutting your fabric. The entire pattern uses a 1/4" inch seam allowance throughout.

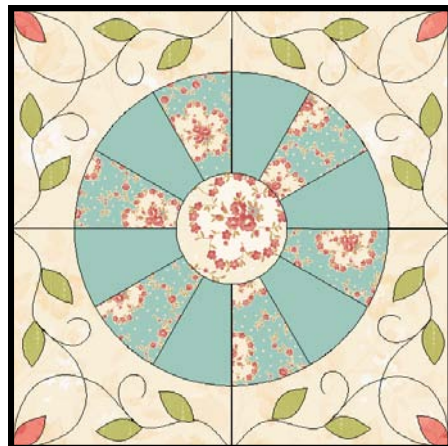

A window, some tape and sunny day can be used to transfer the appliqué and pattern to your fabric. Transfer your details with a fine point erasable marker or fabric pencil.

We are not pulling weeds, so be sure to not pull the thread too tight or it will create puckers in your fabric and distort the block.

Happy stitching!

Leaves

Fabric D (green)

- Cut 144 leaves.

Fabric H (pink)

- Cut 36 leaves.

Block construction

1. Using a pencil or water soluble pen, mark the embroidery lines and appliqué placement onto your background blocks.
2. Working each 7-1/2 x 7-1/2 square separately, using the pictures as a guide for fabric placement. Piece the fan blades together and appliqué each **3** piece segment to the corner of your block.
3. Appliqué the leaves.
4. Complete the appliqué onto the top of your 7-1/2" background squares, for a total of **thirty-six** completed blocks.

Embroidery

1. Work all of the embroidery with three strands of DMC floss, #3346, in a back-stitch.

Quilt Construction

Note: there are a total of six complete borders, surrounding the center blocks.

All borders are attached in the long vertical style, top and bottom first and then left and right sides. See the cutting size chart for reference.
